

THE POWER OF PRAYER

The powers-that-be give little attention to prayers of supplication, or to “give me this...,” or “I want...”. The Universe/God responds to gratitude, or the phrase “I am” according to many writers, including Walsch in his book, *Conversations with God*. The following are some examples that could be called prayers or affirmations. Even though you may not see the physical evidence right away, have enough faith to think/speak these prayers with feeling, emotion, and conviction. In the classes at Creative Guidelines we often say “Assume the Role”, as if you have, or are, that which you would be. Be a good actor or actress, like the movie stars. The better you play your part, the easier it will be for the mind to open the doors to the soul, raising your consciousness, moving you into higher realms of Divine Love and Light. The fourth and fifth dimensions are your next step, they are waiting for you now. Are you ready to do the deed, and move into your godhood?

THE PRAYERS

Thank you Father/Mother/God for hearing my prayers, and giving them Life through your Divine Love.

I am whole, complete and perfect in body, mind and spirit/soul, here and now. I am manifesting this perfection on all dimensions of Life, including the three dimensional, physical plane. I am raising the consciousness of this individual expression of God that I am, above and beyond the physical plane to the Allness of the Kingdom of God, in body, mind and spirit. I am consciously aware that the Father/Mother/God and I are one. I am the life-force that God is. God is the Life-Force that I am. I am awakening from the deception of this illusionary physical world into the realization of my Godhood. - DW

(please turn over for more prayer)

ABUNDANCE

Thank you, God, that it is so.

I open my mind and heart to the riches of the Infinite, and prosperity follows all my efforts. I recognize the eternal source of all riches, which never fails. Money symbolizes wealth and freedom. Money is good, and I use it wisely and constructively. There is always a surplus. Infinite intelligence is constantly revealing to me better ways to serve my fellow man. I am an irresistible magnet, and I attract unlimited wealth which is mine by Divine right. God wants me to live life gloriously and abundantly. Thank you, Father, for thy riches now.

Suggestion: You could read this five times a day, throughout the day, with feeling, emotion, and conviction.

Suggestion from *Conversations with God* by Neale Donald Walsch: “After you’ve decided on what you are affirming, think of nothing else.”

P.S. The book *Conversations with God, book 2* is now available. If you would like to receive it through me, let me know so I will know how many to order. Thank you.
